

2022 – YEAR IN REVIEW

The Now Year:

As we entered this year the Lord said the year was going to bring forth NOW moments. Some NOW moments represented a year of change. We have seen where those NOW times caused churches, ministered and people never to be the same. There is a Great reward when we preserve and set our heart to please the Father. So, the word of the Lord came to me in September to travel Florida the month of January and release the Now word to the intercessors of Florida to Carry unity as it was in the Garden, release the word of keep going forward into My NOW year. As we keep going forward, As One, we will step into the NOW. In these Now moments our perseverance, our pressing and continue to go forward has allowed us to step into our NOW moment.

***Intercession City House of Prayer met every Wednesday to maintained God's presences. Intercessors and guest speakers were welcomed throughout the year.
